### **General Assembly Mandated Study**

The Local Choice groups will be receiving an email regarding a General Assembly-mandated actuarial review by the Department of Human Resource Management. The purpose of the study as outlined in the 2015 Virginia Acts of the Assembly, Chapter 665, Item 82.H. (see the link at <http://communique.agencies.virginia.gov/Various/Item82Hbudgetact.pdf>) is to review the impact of including local governments, school divisions and other political subdivisions in the state employee health benefits plan or in one statewide plan for employees of political subdivisions.
