Key Advantage 200

This guide is a summary of your medical, behavioral health and employee assistance (EAP), prescription drug, and dental benefits. Your benefits are administered by four health care companies as follows:

- **Medical** – Anthem Blue Cross and Blue Shield
- **Behavioral health and EAP** – ValueOptions, Inc.
- **Prescription drugs** – Medco Health Solutions, Inc.
- **Dental** – Delta Dental Plan of Virginia

Plan Year

Your benefits are administered on a plan year basis which is July 1 through June 30, or October 1 through September 30, depending upon your renewal date.

Service Area

This plan is available wherever employees and eligible retirees live or work.

How The Plan Works

Medical and Routine Vision (administered by Anthem)

Care is provided by primary care physicians (general or family practitioner, internist or pediatrician), specialty care providers and facilities. Referrals are not needed. Higher copayments apply for specialist and facility visits. Your networks are the Anthem PPO network in Virginia and the BlueCard® PPO and BlueCard Worldwide® networks outside Virginia.

You may receive care outside these networks. However, you have a separate plan year out-of-network deductible and out-of-pocket expense limit. Once you have met the out-of-network deductible, you pay 20% coinsurance for all covered medical services. Claims payments are made directly to the member, rather than to the provider. See page 2 for more information about how your out-of-pocket expense limit works both in and out of the network.

For the most current list of Anthem PPO network providers go to www.anthem.com/tlc, and click on the Provider Directory tab.

Medical Care When Traveling

If you live or travel outside of Virginia, you will receive the highest level of medical benefits when you receive care from a BlueCard® PPO provider in that area. Providers who participate with other Blue Cross Blue Shield companies will accept your copayment or coinsurance at the time of service instead of requiring full payment. These providers or facilities will file claims directly to their local Blue Cross Blue Shield company for you, and have agreed to accept the allowable charge established with their local Blue Cross Blue Shield company as payment in full for their services.

BlueCard Worldwide® gives you access to doctors and hospitals for medical care in more than 200 countries and territories around the world.

Call **1-800-810-BLUE (2583)** to locate a BlueCard PPO or BlueCard Worldwide provider. Be sure to present your Anthem identification card when you receive care outside Virginia. The suitcase emblem at the top of your card indicates that your plan includes the BlueCard program.

Routine Vision

Routine vision benefits are available once every 24 months. The 24-month count begins on the month you receive your eye examination or purchase eyeglass frames or lenses. You may purchase lenses and frames from any optician, optometrist or retail setting. You may receive your eye examination by any licensed vision provider. However, if you receive your eye examination from a non-network provider, the provider may bill you for amounts above the allowable charge, and payment is your responsibility.

If you need medical, non-routine treatment for your eyes, consult your physician or a network eye specialist.

Behavioral Health and EAP (administered by ValueOptions)

You are encouraged to have all behavioral health services preauthorized by calling ValueOptions toll-free at **1-866-725-0602** before receiving care, or within 48 hours of an emergency admission. ValueOptions care managers approve the appropriate levels of care based on your diagnosis and their medical necessity criteria. View the ValueOptions list of network providers at www.achievesolutions.net/tlc.

You may receive care outside the ValueOptions network. However, you have a separate out-of-network deductible and out-of-pocket expense limit for behavioral health services. Once you have met the out-of-network deductible, you pay 20% coinsurance for all covered behavioral health services. Claims payments are made directly to the member, rather than to the provider.

Medical and Behavioral Health Out-of-Pocket Expense Limit

There are separate medical and behavioral health out-of-pocket expense limits for in-network and out-of-network services. There is no out-of-pocket expense limit for prescription drug or dental services.

In-Network Services

- If you are the only one covered by the plan, the most you will pay out of your pocket is \$1,500 per plan year for covered services. Once you have reached this amount, your payment for covered in-network services is \$0.
- If two people are covered by the plan, the most each of you will pay out of your pocket is \$1,500 (\$3,000 total), then your payments for covered in-network services are \$0.
- If three or more people are covered by the plan, the most all of you will pay out of your pocket is \$4,500. However, no family member will pay more than \$1,500 toward the limit. Then your payments for covered in-network services are \$0.

Out-of-Network Services

- If you are the only one covered by the plan, the most you will pay out of your pocket is \$3,000 per plan year for covered services. Once you have reached this amount, your payment for covered services is \$0. However, out-of-network providers may bill you for amounts above the plan's allowable charge, and payment is your responsibility.
- If two people are covered by the plan, the most each of you will pay out of your pocket is \$3,000 (\$6,000 total), then your payments for covered services are \$0. However, out-of-network providers may bill you for amounts above the plan's allowable charge, and payment is your responsibility.
- If three or more people are covered by the plan, the most all of you will pay out of your pocket is \$9,000. However, no family member will pay more than \$3,000 toward the limit. Then your payments for covered services are \$0. However, out-of-network providers may bill you for amounts above the plan's allowable charge, and payment is your responsibility.

The following do not count toward the out-of-pocket expense limit in or out of network, and you are responsible for paying these costs when the out-of-pocket expense limit has been reached:

- Copayments
- Prescription drug and dental services
- Cost of care in excess of benefit limits
- Cost of services and supplies not covered under the plan
- Additional amount non-network providers may bill you when their charge is more than the plan's allowable charge

Prescription Drugs (administered by Medco)

Retail Pharmacy

This is a **mandatory generic** outpatient prescription drug program. If a generic equivalent exists for a brand name drug, you have two choices. You may request the generic and pay only the copayment. Or you or your physician may request a brand name drug and you will be responsible for the following:

- ▲ **At a participating pharmacy** you will be responsible for the applicable copayment plus the difference between the allowable charge for the generic equivalent and the brand name drug.
- ▲ **At a non-participating pharmacy** you pay the total price for the drug and then file a Prescription Drug Direct Reimbursement Claim Form. Reimbursement is limited to the allowable charge for the generic drug minus your copayment.

To obtain prescriptions at a participating retail pharmacy simply:

1. Present your identification card to your pharmacist.
2. Pay the appropriate copayment. The pharmacist will tell you the amount of your copayment.
3. If you request a brand name drug when a generic is available, you pay the appropriate copayment *plus* the difference between the generic and the brand name allowable charge.

Some drugs require Prior Authorization before they are dispensed. Your physician, pharmacist, or a Medco Member Services representative can tell you if a drug requires prior authorization.

Home Delivery Pharmacy

The *Medco By Mail* home delivery service is a convenient, cost-effective way to obtain up to a 90-day supply of medications you take routinely (such as medication for high blood pressure or high cholesterol). Your medications are delivered directly to your home. You will receive a Home Delivery Pharmacy packet with your prescription drug identification card when you enroll in the plan. Go to www.medco.com to order refills, check the status of an order, price and compare medication costs, review prescription history and much more.

Dental (administered by Delta Dental)

To reduce your out-of-pocket expense, choose a Delta Dental network dentist. View the DeltaPremier network of dentists at www.deltadentalva.com. Claims will be handled by the dentist's office and you will be responsible only for the dental deductible and coinsurance that applies to the covered care you receive. If you go to a non-network dentist, you pay the dental deductible and coinsurance plus any amount above the allowable charge that the dentist may bill you.

When you anticipate dental charges over \$250, have your Delta Dental dentist file a pre-determination (pre-treatment) estimate.
