### ***CVS Pharmacy Added to Free Flu Shot List***

Good news! The CVS Pharmacy chain is now participating in the free flu shot program for TLC Key Advantage members at participating local Virginia pharmacies. Attached is an updated list of Key Advantage participating pharmacies, including CVS, as well as flu shot posters for both Key Advantage and TLC HDHP (High Deductible Health Plan) to post beginning Monday, October 15. Complete information on free flu shots is available on the CommonHealth Web site at [www.tlccommonhealth.com](http://www.tlccommonhealth.com).

Be sure to advise members to also check with their local pharmacy in the chain to be sure it is participating in the program.
